Feature Report

ARENA
The Disk Array Specialist

SS-4503E/6603E iSCSI 12/16bay Surveillance Storage System

- Host Interface & Channel: iSCSI GbE x4
- RAID Level: JBOD, 0, 1, 3, 5, 6, 10, 30, 50, NRAID
- Max. Visible capacity: 20/28 TB
- Max. recording day in CIF: 904/1266
- Max. recording day in Megapixel: 96/135

- Green Design
- Intelligent RAID features
- Data Security and Reliability
- AV streaming for Video performance
- Centralization management in IP-SAN

Company Info

ARENA-MAXTRONIC INTER'L CO., LTD.

➡ Arena-MaxTronic was founded in 1995 and is a dedicated manufacturer of top-of-the-line, user-friendly and cost effective external storage solutions. The products lines cover different host interface like Fibre, SAS, iSCSI, SCSI, eSATA which helps businesses of all sizes at various applications. Arena offers a full range of DAS, SAN storage solutions to meet the critical requirement of modern video surveillance. Tailored features like AV-streaming, hot swappable RAID group, Easy management are designed for the CCTV environment. Arena RAID systems are chosen and installed at many important vertical application like gaming, factory automation, airport security and transportation...etc to help protecting the critical assets over the worlds. Our products have been distributed through worldwide partners and branches in USA, China.

4F. No.529, Chung Cheng Rd., Hsin Tien City, Taipei Hsien, Taiwan

SA-3187S eSATA 4bay Surveillance Storage System

- Host Interface & Channel: eSATA x1
- RAID level: 0, 0+1 and 5
- Max. Visible capacity: 2.7 TB
- Max. recording day in CIF: 122
- Max. recording day in Megapixel: 13
- Data Security and Reliability
- Audible alarm mute function

SA-4340/4540 SCSI 8/12bay Surveillance Storage System

- Host Interface & Channel: SCSI x2
- RAID Level: JBOD, 0, 1, 3, 5, 6, 10, 30, 50, TP,NRAID
- Max. Visible capacity: 8/12 TB
- Max. recording day in CIF: 588/904
- Max. recording day in Megapixel: 62/96
- Innovative Data Protection
- Extreme Performance Bandwidth
- Dual Flash ROM Design

SA-6640/SA-8850 SCSI 16/24bay Surveillance Storage System

- Host Interface & Channel: SCSI x2
- RAID Level: JBOD, 0, 1, 3, 5, 6, 10, 30, 50, NRAID
- Max. Visible capacity: 28/43 TB
- Max. recording day in CIF: 1266/1950
- Max. recording day in Megapixel: 135/207
- Intelligent RAID features
- Data Security and Reliability
- AV streaming for Video performance
