

HDTV Converter

[VGA] VGA to HDMI Video Converter

Features

- Audio input : 2-channel analog stereo
- HDMI output - identical to video input
- HDMI audio output: 24-bit, 48 kHz sampling rate
- Power supply: 5VDC/0.5A through VGA connector (most PC/NBs supply 5VDC through VGA)
- Auxilliary power supply - 5VDC/0.5A through mini-USB

Introduction

A+V Link introduces the palm-sized HDTV Converter that allows PC/NBs with VGA display output to display onto your HDTV using VGA to HDMI conversion technology. This product is used with an HDMI cable, VGA cable and 3.5 mm audio cable (all cables are optional). It requires no software and performs flawlessly without noise or lag.

Resolutions Supported
