

JXJ launched 3MP IP Camera and 720P AHD / DVR Successfully at IFSEC INDIA

During the IFSEC India 2014 hold at Pragati Maidan New Delhi, Shenzhen Jiaxinjie Technology Co., Ltd (JXJ in short) took part in it with the latest 3MP HD IP Camera and 720P AHD / DVR.

**Thank you for making
IFSEC India 2014
a record breaking success!**

At booth number V12-1 Hall 12, professional customers and visitors were attracted by JXJ's green color decoration and nice performance of HD Video Surveillance equipment. The best visited and demonstrated products were as below:

- * 1.3MP Pixel Zoom IR Bullet Camera;
- * 3MP HD IP Camera for 50M IR Distance;
- * Advanced 32ch Real Time NVR with 8 HDD upto 32TB;
- * P2P Wifi cameras with pan tilt function and related elegant NVR.

The successful demonstration also attracted local media for interview. During the conversation, visitors gave high praise to JXJ, look forward to working with such a complete HD video surveillance solution provider.

After the show, JXJ overseas sales team has been invited to visit several local partners and distributors in New Delhi and Mumbai. With better knowledge of Indian market, JXJ team has great confidence to explore the market.
