

Quick Start Guide

Welcome, MatiGard™ is ready.

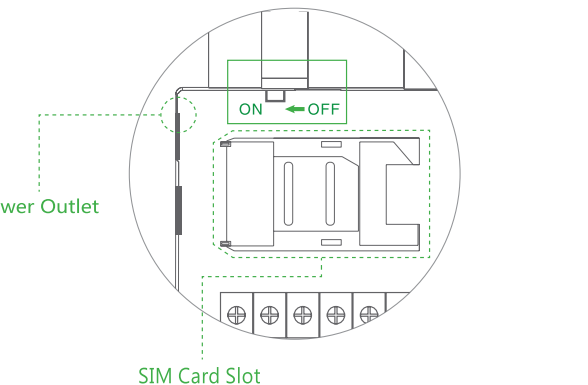

Designed for home arming.
Easy to set and use by the incredible app Magictl™.

In the Box

1 Insert SIM Card & Power On

1. Turn to the backside. Push the SIM card into the SIM slot.

2. Turn the power on, wait for the BEEP sound. The LED panel should show the correct date and time.

3. Power outlet is next to the SIM slot, connect it to the power supply with the cable.

2 Download and Setup Magictl™

Scan or Visit <http://din.bz/m>

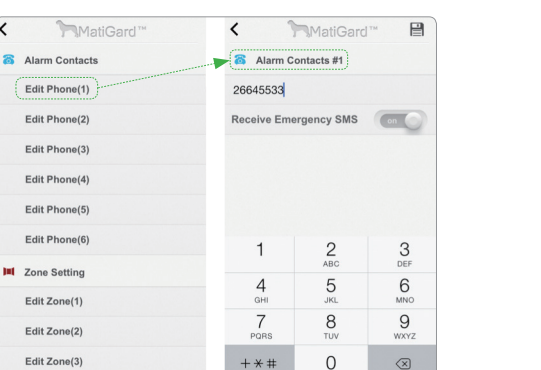

Magictl™ is designed to fully control MatiGard™. Works on both iOS and Android.

All processes below need administrator authority.

i. Run Magictl

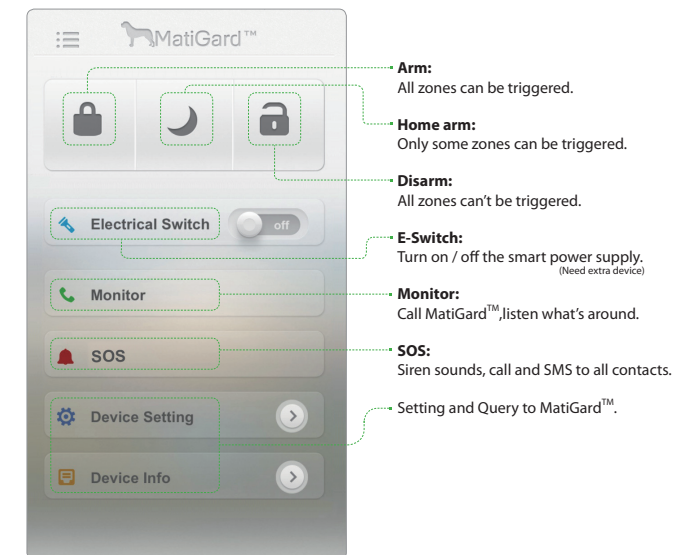

ii. Follow the guideline to initialize Magictl™, log in.

iii. In **Device Setting**, edit **Alarm Contacts**. It will ring up all contacts and SMS to someone specified when emergency.

The emergency call will keep calling all contacts recurrently. Press # during the call to stop this process.

Default Admin Password:123456 User Password:1234
