

HD-SDI Fiber Optic Video Solutions

- 1 Channel uncompressed HD-SDI video over fiber
- Plug-and-play operation
- Latch locking power connector
- 5V single supply voltage
- Slim package

- 1 Channel uncompressed HD-SDI video over fiber
- Supports RS422, 485 serial data control
- FORM 1A(SPST) for remote control
- Easily viewable operation status indicating LED
- Compact package

- 1 Channel uncompressed HD-SDI video over fiber
- Supports RS232 or RS422, 485 serial data control
- Analog audio over fiber
- Stand alone or rack-mount package

- 4 Channel uncompressed HD-SDI video over fiber
- HD-SDI 75ohm BNC and ST fiber optical connector
- LED indicator for channel operation status
- Stand alone or rack-mount package

- 4 Channel uncompressed HD-SDI video over fiber
- Supports RS232 or RS422, 485 serial data communication
- Analog audio over fiber
- Stand alone or rack-mount package

- Compact 19" 2RU fiber optic video multimedia rack system
- Multi-Channel uncompressed HD-SDI video over fiber
- Supports RS422, 485 serial data communication
- Analog audio over fiber
- Operating status indication of each slot on front panel
- Electrical cable and fiber management rear panel
