RoHS

POOL SCOUT

JB-P03

Features

SECURE AND RELIABLE

- Sound alarm in just 13 seconds in pool 16x32 sq feet;
- Main unit and Receiver sound together with light flashing to attract attention and help alert those who may be hard of hearing;
- Alarm level: 85dB within 3.5m.
- Elegant design make it no false operation by child;
- Receiver with back-up battery inside in case of power failure;
- Automatically activate after swimming;
- With low battery warning;

EASY TO INSTALL, AND CONVENIENT TO USE

- Install directly, no need to disassemble;
- Applicable for different pool base;
- With adjustable sensor tube, applicable for different water level;
- Just take off the screw, battery case will pop up, easy to replace the battery;
- Two control buttons for all the function, no need remote controller or magnet key;

DIVERSIFIED FUNCTIONS

- Audio alarm & visual alarm;
- Reset function;
- Automatic activation;
- Low battery indication;
- Yellow light indication for sleep/swimming status;
- Red light indication for off status
- Green light indication for working status;
- Red light keep flashing for alarm status;
- Audio indication for status switch;
- System on-off function;
- Automatic sensibility adjustment with wind force;

HIGH QUALITY

- Dustproof and waterproof grade IP65;
- Material used: ABS-UV, or PC-UV, radiation-proof;
- Pressure resistance max 200kgs;
- 2 year quality warranty;

ENVIRONMENTAL PROTECTION & ENERGY-SAVING

- Save electricity, battery can last use for 18 months;
- Solar powered with inside rechargeable battery;
- All materials used meet RoHS requirements;

Specifications

- 1) Power supply: 9V battery
- 2) Quiescent current: 6 ~ 12μA
- 3) battery life: 2 years
- 4) Temperature: -10°C ~ +40°C
- 5) Alarm decibel: ≥85dB/3m
- 6) Sensitivity standard: EN14604

POOL PROTECTOR

JB2005

Features

- 1) Obtain CE, RoHS, NF P90-307, Meets ASTM F2208-07 Standard
- 2) Detects intruders
- 3) Sits on deck
- 4) 9V Battery powered
- 5) Low battery indicator
- 6) New sensing technology
- 7) Easy to use
- 8) Automatic reset
- 9) Indoor remote receiver
- 10) Sound 100dB alarm at 1 meter or 5-6 kgs
- 13) Sound alarm within 12 seconds if child or pet fall in pool
- 14) Works with pool up to 20' x 40' (800sq. ft.)
- 15) No false alarm caused by ball-falling or breeze
- 16) Comes with indoor remote receiver installed within 100meters from main unit
- 17) With Sleep mode
- 18) Automatic activation
- 19) Audible low battery indication
- 20) LED status indicator
- 21) Dustproof and waterproof grade IP65
