

Detachers, soft labels and accessories

use to supermarkets, shopping malls, clothing shops, a library, audio-video shops

RF anti-theft system

use to supermarkets, shopping malls, clothing shops, a library, audio-video shops

RF smart stainless steel anti-theft system YF-401

Brand: YF
Product Features: High-strength ABS material, Special stainless steel frame design. The high level of the lowest cost technology. The highest cost-effective. For clothing stores, large supermarkets security.

Technical parameters and specifications:
Detection distance: 0.9-1.0M(about Labeling and testing specifications)
center frequency: 8.240.8MHz
detection of regional: >95%
power: $\le 15W$
Dimensions: 157 X 25 CM

Alloy Smart RF anti-theft system YF-402

Brand: YF
Product Features: Aluminum alloy framework. Surface electrostatic spray. Simple, clean appearance. Stable and reliable performance. For the Medium and high grade apparel, shopping malls, etc.

Technical parameters and specifications:
Detection distance: 0.9-1.0M(about Labeling and testing specifications)
center frequency: 8.240.8MHz
detection of regional: >95%
power: $\le 15W$
Dimensions: 157 X 33 CM

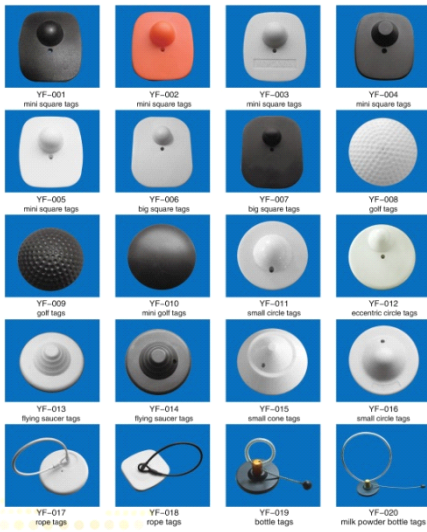

Alloy Smart RF anti-theft system YF-405

Brand YF
Frequency 8.2mhz±0.5MHz
Material Aluminum alloy
Detection distance: 0.9-1.8M
detection of regional: >95%
Power: $\le 15W$
Dimensions: 157 X 42CM

From YF-001 to YF-020: RF hard tags

use to supermarkets, shopping malls, clothing shops, a library, audio-video shops

From YF-021 to YF-030: AM hard tags

use to supermarkets, shopping malls, clothing shops, a library, audio-video shops
