› Benift

We strive to design the **Huggy** to give you the best bang of the bucks for the 4ch H.264 DVR at its price range, performance and quality wise. The _fanless operation_ ensures that **Huggy** will guard your premise 7/24 quietly and reliably, and we back it with our 2-year factory warranty. The superb and intuitive _Graphic User Interface and Control_ makes the Huggy a breeze to play with. No more layers after layers of labyrinth-like menu, _all you need is just point and click all the way_. In addition, Huggy allows the user to _set independently camera and recording profile for each channel_ and keep the DVR running at its peak _compression power by auto-balancing the recording profiles_ of all channels.

For those countries with regulated recording time period, Huggy will comply with freedom of limiting the recording period by the user. You can _save the DVR configuration to an USB stick and restore it later to the DVR or copy it to another DVR_.

We trust you will love not only **Huggy**'s price but also its quality and performance.
